

## WORLD ENVIRONMENT DAY

**Date:** 05/06/2024

On the Occasion of World Environment Day, The SAP Greenery Committee, in collaboration with the Department of Lifelong Learning and Extension (DLLE) organized a series of engaging and impactful activities to promote environmental awareness and by engaging in various activities such as a nature walk, litter pick up, seed plantation, and creating awareness videos. The event aimed to educate and inspire individuals to take proactive steps towards preserving and enhancing our natural environment.

Students as well as faculty members came together and participated in the event.

Seed plantation will contribute to increasing green cover and biodiversity on campus. Participants learnt practical skills in gardening and plant care, which they can apply in their personal lives.

These videos were shared on various platforms, reaching a wider audience and amplifying the impact of the event.
